

AN ORDINANCE approving the awarding of I.T.B. 7195 by the City of Fort Wayne, Indiana, by and through its Department of Purchasing and ALLEN COUNTY MOTORS, BEN DAVIS CHEVROLET, MAURY O'DANIEL OLDS, KELLEY CHEVROLET AND BLOOMINGTON FORD for various departments within the City of Fort Wayne.

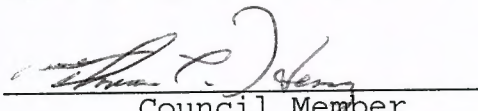

NOW, THEREFORE, BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA;

SECTION 1. That I.T.B. #7195 between the City of Fort Wayne, by and through its Department of Purchasing and ALLEN COUNTY MOTORS, BEN DAVIS CHEVROLET, MAURY O'DANIEL OLDS, KELLEY CHEVROLET AND BLOOMINGTON FORD for various departments within the City of Fort Wayne, respectfully for:

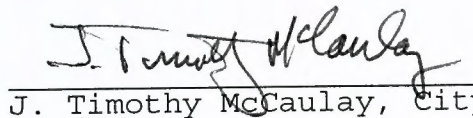

the purchase of passenger cars, vans, pick-up trucks and 4-wheel drive utility vehicles for various departments throughout the City of Fort Wayne;

involving a total cost of Five Hundred Eighty-Two Thousand Six Hundred Eighty-Three and 99/100 Dollars (\$582,683.99) - (ALLEN CO MOTORS - \$225,243.50; BEN DAVIS - <sup>167,353.01</sup> \$168,868.24; MAURY - \$123,704.25; KELLEY - \$45,740.00; BLOOMINGTON - \$19,128.00), all as more particularly set forth in said I.T.B. #7195, which is on file in the Office of the Department of Purchasing, and is by reference incorporated herein, made a part hereof, and is hereby in all things ratified, confirmed and approved.

SECTION 2. That this Ordinance shall be in full force and effect from and after its passage and any and all necessary approval by the Mayor.

  
Council Member

APPROVED AS TO FORM  
AND LEGALITY

  
J. Timothy McCaulay, City Attorney

Risk Mgmt.	One (1) full size sedan which will be used by the Safety & Claims Investigator. This is new purchase.
Stormwater Engineering	One (1) mini passanger van which will be used for conducting drainage studies, complaint investigation, water sampling, etc. This is new purchase.
Street Dept	One (1) 3/4 ton pick-up which replaces a pick-up with high mileage and costly repairs. This will be used by Street Foreman.
Street Eng	One (1) 4-wheel drive vehicle which replaces older vehicle with high mileage and costly repairs. This vehicle will be used by the staff engineer.
Street Light	One (1) ½ ton pick-up which replaces ½ ton with high mileage and costly repairs. This will be used in the service are.
Technical Svs.	One (1) 3/4 ton pick-up and one (1) 4-wheel drive utility vehicle. These both replace older vehicles with high mileage and costly repairs. Both are used in the inspection and testing areas.
Traffic Eng	One (1) 3/4 ton pick-up which replaces a 3/4 ton pick-up with high mileage and costly repairs. One (1) full size sedan which replaces a vehicle with high mileage and costly repairs. This will be used for staff vehicle.
Transportation	One (1) mid-size sedan which replaces a mid-size sedan with high mileage and costly repairs. This to be used in the Transporation area.
Water Eng.	One (1) mid-size sedan which replaces a mid-size with high mileage and costly repairs. Used by the engineering staff for field inspections.
Water Maint	One (1) 3/4 ton pick-up used for deliveries and three (3) 3/4 ton window vans used for new services and repair work. These replace older vehicles with high mileage and costly repairs.

WPC Maint            One (1) 4-wheel drive utility vehicle which replaces same with high mileage and costly repairs. This will be used by the Asst. Superintendent who has to respond to emergency situations such as flooding and cave-in of sewers 24 hours a day.

WPC Plant            One (1) 4-wheel drive utility vehicle which replaces totaled vehicle-this will be used in the bio-solids area; two (2) 3/4 ton pick-ups which will replace vehicles with high mileage and repair costs. These trucks will be used in the main plant and lift stations.

EFFECT OF NON-PASSAGE: High maintenance costs will continue, projects will not be completed, daily inspections/services cannot be carried out, public will suffer due to inefficiency and time delays.

FORT WAYNE FIRE DEPARTMENT  
CITY COUNTY BUILDING  
ONE MAIN STREET  
FORT WAYNE, INDIANA 46802

January 8, 1996

Dear Councilmember:

The Fire Department requests your approval of the purchase of three (3) Jeep Cherokees. These vehicles will be used for emergency responses. The individual purchase price is \$21,382.75 for a total purchase of \$64,148.25. Two (2) of the Jeeps will be assigned to be used by the Suppression Division District Chiefs. The third vehicle will be used by Chief Hinton. Vehicles currently used will be re-assigned to other individuals.

The end results will be three 1984 automobiles removed from service and placed in the auction. These vehicles are being replace due to their age and cost to maintain.

Sincerely,

Steven C. Hinton  
Fire Chief

NORMAL ☒ PRIOR APPROVAL ☐ INTRODUCTION

(PLEASE CHECK THE INTRODUCTION YOU ARE REQUESTING)

ENCLOSED WITH THIS INTRODUCTION FORM IS A TAB SHEET AND RELATED MATERIAL FROM THE VENDOR(S) WHO SUBMITTED BID(S). PLEASE FILL OUT THE FOLLOWING INFORMATION AND RETURN TO PURCHASING:

BID #: 7195 AWARDED TO : O'Daniel Olds AMOUNT: \$64,148.25

WAS ☒ WAS NOT ☐ THE LOWEST, MOST RESPONSIVE, AND MOST RESPONSIBLE OF 4 BIDDERS. IF NOT LOWEST, GIVE EXPLANATION FOR NOT OBTAINING LOW BID:

DESCRIPTION OF PROJECT (BE SPECIFIC AND QUANTIFY):

Purchase of 3 - 1996 Jeep Cherokee SE 4dr. 4X4 utility vehicles. 2 will be used by Combat D.C.'s, 1 by the Chief. Current vehicles will be re-assigned.

IF REPLACEMENT, WHAT NECESSITATES:

Replacing 3 - 1984 vehicles; 2 caviliers and 1 diplomat; age and maintenance costs

WHAT ARE THE IMPLICATIONS IF PURCHASE IS NOT APPROVED:

Exhisiting vehicles will be maintained and used.

IF PRIOR APPROVAL IS BEING REQUESTED, JUSTIFY THE NEED:

## MEMORANDUM

December 29, 1995

To: Common Council Members

From: Belinda Lewis, Director of Animal Care and Control

Subject: 1996 Vehicle Purchases/ Fleet Rotation

The department has planned for the purchase of two (2) 3/4 ton cargo vans in 1996 to accomodate the departmental fleet rotation. These vans will be equipped with stainless steel "Mavron" Animal Control inserts designed to safely transport animals in disease free conditions in all weather.

The current mileage on the two vans that will be rotated is 104,307 and 117,002 respectively. The higher mileage van is a 1990 and is in better condition than the 1989, lower mileage vehicle. Our department does not currently have a vehicle that is used by our building maintenance employee. The 1990 van will have all emergency equipment removed, the animal transport equipment removed, and will be used for non-animal related shelter business as a cargo van.

RE: ITB 7195 - PURCHASE OF 1996 VEHICLES

Dear Council Members:

The Filtration Plant is requesting to purchase four (4) vehicles to replace aging vehicles with either high mileage or needed repairs. Replacement of these vehicles will reduce maintenance cost and provide for dependable safe transportation for Plant staff.

If you have any further questions, please call me at 427-1254 ext 1403.

Very truly yours,

Doug Pooler  
Superintendent

## CITY ENGINEER MEMORANDUM

**TO: MEMBERS OF CITY COUNCIL**

**FROM: DAVID ROSS, CITY ENGINEER** *Ross*

**DATE: January 5, 1996**

**SUBJECT: 1996 VEHICLE PURCHASE**

---

---

City Engineering has reviewed 1996 vehicle award list prepared by the vehicle review committee. Listed below are the vehicle purchase requests for Right-of-Way Department and Street Engineering Department, both part of the Division of Public Works.

Right-of-Way Department: Approve purchase of new FORD RANGER STYLE SIDE small size pick-up truck for a cost of \$12,137. The new vehicle will replace a 1987 Ford Taurus Station Wagon that has high operational/maintenance cost and considered undependable. Also the small size pick-up truck is better suited for use in clearing right-of-way than station wagon.

Street Engineering Department: Approve purchase of new CHEVROLET TAHOE FOUR WHEEL DRIVE, full size carrier for a cost of \$26,071.66. The new vehicle will replace a 1984 Chevrolet Caprice that has a high operational/maintenance cost and considered undependable. The four wheel carrier is comparable to other Street Engineering vehicles used to access construction sites and monitor public facilities during emergency conditions.

Tom Jones, Director of Right-of-Way and Street Engineering, and I are available to discuss the request for vehicle purchase in greater detail if there are any questions.

cc Linda Buskirk, Director, Division of Public Works  
Tom Jones, Street Engineer

**MEMORANDUM**

TO: COMMON COUNCIL MEMBERS

FROM: Debby Anderson, Manager  
Risk Management Department

DATE: January 2, 1996

SUBJECT: Vehicle Purchase

=====

BACKGROUND:

The Risk Management Department is the department responsible for controlling the frequency and severity from losses from worker's compensation, general liability, and auto liability paid from the self insurance funds.

To obtain these goals there are several responsibilities that must be constantly performed. These range from training, investigation, surveillance and employee awareness.

Beginning in 1991, the Safety and Claim Investigator position was created to assist in these goals.

The work responsibility of this department has greatly expanded in the last several years.

To accomplish these goals a department vehicle is utilized. The purchase of a new full size vehicle is requested, to transport the equipment needed for daily operations.

This vehicle transports safety equipment, camera, surveillance and other necessary specialized equipment.

### M E M O R A N D U M

\*\*\*\*\*

DATE: January 2, 1996

TO: Common Council Members

FROM: Mike Thornson, Manager,  
Stormwater Engineering Department

RE: Authorization for new vehicle purchase

\*\*\*\*\*

The Stormwater Engineering Department requests authorization from Council for the purchase of one mini passenger van. The Department, currently staffed with eight people but soon to be increased to nine, has, at present, one vehicle with which to carry out its responsibilities of drainage complaint investigations, watershed studies, evaluation of stormwater billing and credit disputes, NPDES runoff sampling, monitoring new development and construction projects, and the design and administration of capital improvement projects.

Field activities associated with our workload is considerable, and there is often a backlog, especially following periods of significant rainfall. Responsiveness and efficiency are obviously restricted with only one vehicle. The mini-van will be able convey staff, survey tools, flow samplers, and other field investigation gear and equipment.

TO: CITY COUNCIL MEMBERS

FROM: BOB DINSE 

DATE: JANUARY 3, 1996

RE: PICK-UP TRUCK

The application for the purchase of a 1996 3/4 ton pick-up truck will be to replace a 1985 model with 125,000+ miles on it. The present vehicle is very costly to maintain and is in need of constant repairs.

## CITY ENGINEER MEMORANDUM

**TO:** MEMBERS OF CITY COUNCIL

**FROM:** DAVID ROSS, CITY ENGINEER *Ross*

**DATE:** January 5, 1996

**SUBJECT:** 1996 VEHICLE PURCHASE

---

---

City Engineering has reviewed 1996 vehicle award list prepared by the vehicle review committee. Listed below are the vehicle purchase requests for Right-of-Way Department and Street Engineering Department, both part of the Division of Public Works.

Right-of-Way Department: Approve purchase of new FORD RANGER STYLE SIDE small size pick-up truck for a cost of \$12,137. The new vehicle will replace a 1987 Ford Taurus Station Wagon that has high operational/maintenance cost and considered undependable. Also the small size pick-up truck is better suited for use in clearing right-of-way than station wagon.

Street Engineering Department: Approve purchase of new CHEVROLET TAHOE FOUR WHEEL DRIVE, full size carrier for a cost of \$26,071.66. The new vehicle will replace a 1984 Chevrolet Caprice that has a high operational/maintenance cost and considered undependable. The four wheel carrier is comparable to other Street Engineering vehicles used to access construction sites and monitor public facilities during emergency conditions.

Tom Jones, Director of Right-of-Way and Street Engineering, and I are available to discuss the request for vehicle purchase in greater detail if there are any questions.

cc Linda Buskirk, Director, Division of Public Works  
Tom Jones, Street Engineer

January 5, 1996

Fort Wayne City Council  
One Main Street Room 122  
Fort Wayne, IN 46802

Regarding: ITB 7195 Vehicles

Dear Council Members:

Please be advised that Traffic Engineering and Street Light Engineering recommends awarding the contract for service trucks to the apparent low bidder, Allen County Motors and the staff vehicle to Bloomington Ford (Indiana) QPA # 7480.

Service vehicles are needed in both Street Light Operations (½ ton pick-up) and Traffic Engineering Sign and Marking Division (¾ ton pick-up). Staff vehicle replaces a 1984 Chevrolet Impala. All vehicles are listed in the 1996 C.I.P.

Sincerely,

Tom Manny  
Director  
Traffic Engineering and  
Street Light Engineering

December 29, 1995

Fort Wayne City Council  
Room 122  
Fort Wayne, Indiana 46802

Reference: Vehicle Purchase

Dear Council:

Kelley Chevrolet was the low bidder in the recent vehicle contract bid regarding the "3/4 Ton Pick-up Truck (4-Wheel Drive)". In the same contract, the low bidder was Ben Davis Chevrolet for the "Full Size 4-Wheel Drive Utility Vehicle". I recommend awarding the contract to the respective low bidders.

Both service vehicles have now become a necessity in the Inspection Division for inspection and testing.

Sincerely,

Mario A. Trevino  
Director of Technical Services

Fort Wayne, Indiana 46802

Regarding: Bid Item Number 7195

City Council Members:

Please be advised that Ben Davis, Auburn, Indiana was the lowest bidder on the 1996 vehicle bid.

The mid size 1996 Chevrolet Lumina sedan is replacing the 1987 Buick Century vehicle used in Transportation Engineering. The current vehicle is beginning to show wear and needing expensive costs and maintenance repairs.

Sincerely,

Carl E. O'Neal  
Director

Re: Chevrolet Lumina Mid Size Sedan

This vehicle will replace a 1985 Chevrolet Celebrity, 4 door Sedan, Vehicle #15191, which has 88,284 miles. This vehicle is used by the engineering staff to make field inspections and investigate customer complaints.

Sincerely,

Tim A. Warren  
Manager of Water Engineering

JANUARY 3, 1995

CITY COUNCIL MEMBERS,

THE WATER MAINTENANCE AND SERVICE DEPARTMENT IS REQUESTING TO PURCHASE ONE (1) 3/4 TON PICK-UP WITH LIFT GATE AND THREE (3) SERVICE VANS. THE PICK-UP WILL BE USED AS A DELIVERY TRUCK FOR OUR CONSTRUCTION CREWS AND OTHER AREAS OF OUR DEPARTMENT AND THE SERVICE VANS WILL BE USED FOR CUSTOMER SERVICE WORK (TURNING WATER ON FOR NEW SERVICE, TURNING WATER OFF FOR REPAIR WORK, ETC.). ALL WILL BE REPLACEMENTS FOR EXISTING VEHICLES WHICH ARE IN CONSTANT NEED OF REPAIR AND/OR SERVICE DUE TO HIGH MILAGE AND USAGE.

  
WILLIAM R. HOLLMAN - SUPERINTENDENT  
WATER MAINTENANCE AND SERVICE DEPT.  
CITY UTILITIES

# The City of Fort Wayne

FORT WAYNE CITY COUNCIL  
ONE MAIN STREET  
FORT WAYNE, IN 46802

DEAR COUNCIL MEMBERS:

WATER POLLUTION CONTROL MAINTENANCE NEEDS TO REPLACE THE ASSISTANT SUPERINTENDENT'S VEHICLE BECAUSE OF HIGH MILEAGE AND INCREASING REPAIR COSTS. THIS VEHICLE IS USED BY THE ASSISTANT SUPERINTENDENT TO CHECK ON GOING SEWER CONSTRUCTION AND PROJECTS ON A DAILY BASIS. IT WOULD BE MORE COST EFFECTIVE FOR CITY UTILITIES TO REPLACE THE PRESENT VEHICLE.

IT IS MOST IMPORTANT FOR THE ASSISTANT SUPERINTENDENT TO HAVE A RELIABLE VEHICLE TO RESPOND TO EMERGENCY SITUATIONS SUCH AS FLOODING AND CAVE-IN CONDITIONS. HE IS ON CALL TWENTY FOUR HOURS A DAY.

IF YOU SHOULD HAVE ANY FURTHER QUESTIONS PLEASE GIVE ME A CALL AT 427-5188.

SINCERELY,

ROBERT F. GREEN  
SUPERINTENDENT

DIGEST SHEET

TITLE OF ORDINANCE: Special

DEPARTMENT REQUESTING ORDINANCE: Purchasing

SYNOPSIS OF ORDINANCE: An ordinance approving the award of I.T.B. No. 7195 for the purchase of passenger cars, vans, pick-up trucks, and 4-wheel drive utility vehicles for various departments throughout the City of Fort Wayne.

IF NOT LOWEST, WHO WAS AND WHY WERE THEY NOT AWARDED:

EFFECT OF PASSAGE:

Animal Care	Two (2) 3/4 ton cargo vans to be used for field services/enforcement division.
C & E D	One (1) mini passanger van which replaces a 1987 Taurus with high mileage and is currently inoperable. Vehicle is needed for site inspections and land use surveys.
CU Garage	3/4 ton pick-up truck which replaces a pick-up truck with high mileage and costly repairs. Vehicle is needed for a service truck.
Filtration	One (1) 4-wheel drive utility vehicle used for river patrol; one (1) mini passanger van used for the electrical group; one (1) 1/2 ton pick-up used for maintenance group. All vehicles replace older vehicles with high mileage and costly repairs.
Fire Dept	Three (3) 4-wheel drive utility vehicles.
Meter Read.	One (1) 4-wheel drive mini pick-up truck which replaces an older mini pick-up truck. This truck will be used by the Industrial and Commercial Customer meter reader.
Right of Way	One (1) mini pick-up which replaces a vehicle with high mileage and costly repairs. Will be used by inspection area.
